Surveys the history of Western architecture from its roots in ancient Mesopotamia and Egypt to the present day.

This authoritative, comprehensive and highly illustrated survey provides a fresh perspective which will be invaluable to students and anyone interested in the history of architecture."--BOOK JACKET.

Accessible to casual and serious readers alike, this comprehensive survey ranges from 2000 BC to the 1980s and features more than 1,000 chronologically arranged photographs and drawings. Each of the 105 two-page spreads represents a specific era and includes comments on architectural details and historical events of the period.

Sir Christopher Wren - Classical Greek - Roman Empire - Byzantine - Renaissance - Mannerist - Baroque - 19th century - Modern Architecture - Filippo Brunelleschi - Baldassare Peruzzi - Paris - London.

Surveys the ways in which man has symbolized his search for order in his environment through architecture in such cultures as ancient Egypt and modern America

From Mesopotamia to the Twentieth Century. Surveying Western architecture from its classical origins, Watkin aims to show architectural history as a living continuity rather than a museum of neatly labelled styles.

Provides a critical history of Western architecture theory from the ancient world to the present day. It looks at how the architect generates architectural form in order to explain a number of issues, including the origins of style, the persistence of tradition and the role of genius.

History of buildings, groups of buildings, the styles in which they were built, and the architects responsible for them from Stonehenge to the present.

At last - here is a single volume authoritative history of Scottish architecture. This compact yet comprehensive account combines factual description of the vast and fertile range of visual forms and key architects in each period with a wide-ranging analysis of their social, ideological and historical context. As Scotland has often been closely involved with new trends in western architecture, this book highlights the interaction of Scottish developments with broader European and international movements. From the beginnings of the Renaissance in the 15th century right up to the 1990s ,this much-needed survey covers the entire post-medieval story in one volume.
