Art History: A Very Short Introduction by Dana Arnold

Art history encompasses the study of the history and development of painting, sculpture, and the other visual arts. *Art History: A Very Short Introduction* considers the issues, debates, and artefacts that make up art history. It explores the emergence of social histories of art and, using a wide range of images, it discusses key aspects of the discipline including how we write about, present, read, and look at art, and the impact this has on our understanding of art history.

Access Free Art History A Very Short Introduction Dana Arnold

Art History: A Very Short Introduction provides the tools necessary to study art history. The challenge of using verbal and written language to analyse visual form and experience is explored, and the different ways of writing about art are examined. Topics covered include the canon of art history, the role of the gallery, 'blockbuster' exhibitions, and the emergence of social histories of ...

Art History: A Very Short Introduction - Very Short ...

In this Very Short Introduction, Dana Arnold presents an introduction to the issues, debates, and artefacts that make up art history. Beginning with a consideration of what art history is, she explains what makes the subject distinctive from other fields of study, and also explores the emergence of social histories of art

Smaller works of art were also created for the common consumer. A popular item during the Gothic era up through the 17th century was the memento mori (Latin, “remember that you will die.”). These very small, handheld objects were generally created with a portrait of the commissioner on one side and a skull on the other.

Art History / Wiley Online Books

If anything, it is a meta-history of art; a short history of various writings about the history of art. Written in first person and filled with parentheticals and references to earlier and later chapters, the book is more a series of dogmatic lectures than an engaging look at the world of art.
