Are you looking for inner peace? Do you seek a deeper understanding of yourself and the spiritual world? Have you followed the popular prescriptions for enlightenment and still found yourself unsatisfied? Return to The Sacred is a fascinating guide that will help you understand the importance of spiritual practice and the great diversity of paths that are available to you. This is a book that does more than provide philosophy and inspiration; it gives you the freedom to find a path that works for you and the knowledge to experience the answers for yourself. You'll learn about the time-tested tools of spiritual growth that will help you discover extraordinary depths of wisdom, power, and peace. Return to The Sacred will introduce you to the 12 Master Paths and Practices that have transformed the lives of countless saints, mystics, masters, and sages since the beginning of history. In this book, you'll find what you need to discover your spiritual personality and choose the path that will lead you toward the realization of boundless joy and a lifelong journey of meaning. You'll see that no matter where you're at in your personal life - high or low, rich or poor, sick or well - this is the perfect time for you to embrace a spiritual practice and discover the ever-present power of The Sacred. Everything you've gone through up to this very moment has been exactly what was necessary to prepare you for what comes next. You need nothing more than what you have with you right now to experience the most profound peace and wisdom of your life.

Today, practicing shamanism doesn't mean you have to live in a rain forest or a desert. Thanks to a modern renaissance of shamanic spirituality, practitioners from all walks of life now use powerful indigenous techniques for healing, insight, and spiritual growth. With Awakening to the Spirit World, teachers Sandra Ingerman and Hank Wesselman bring together a circle of renowned Western shamanic elders to present a comprehensive manual for making these practices accessible and available in our daily lives, including: How the original practice of shamanism shaped the world's spiritual traditions and why it is still relevant today. The art of the shamanic journey--a time-tested meditative method for experiencing important spiritual lessons and truths. Guidance for avoiding common pitfalls of shamanic practice. Instruction for working with your dreams, connecting to your spirit guides, healing yourself and your environment. The core of shamanism is the experience of direct revelation-- to communicate firsthand with your spiritual allies and discover your own power. Awakening to the Spirit World takes you through each step of developing a personal connection with your helping spirits to receive wisdom, insight, and healing energy. From an overview of shamanism, to your first journeys and encounters with your power animals, to expanding your skills and insight through long-term practice, here is an in-depth resource for the shamanic arts that includes: Creating rituals and ceremonies for healing and transformation

Reconnecting with nature to heal ourselves and the planet Working with your dreams, songs, and artistic vision to strengthen your practice Traditional wisdom for children-- healthy rites of passage for each phase of a child's journey to adulthood Honoring the cycle of life and death-- shamanic practices to prepare for and celebrate our final transition in this life Excerpt Shamanism is the most ancient spiritual practice known to humankind and is the "ancestor" of all our modern religions. As a method, it is a form of meditation combined with a focused intention to accomplish various things, as well become apparent in this book. As a spiritual practice, shamanism can become a way of life that may utterly transform the one who practices it. The word "shaman" comes from the language of the Evenk peoples, a Tungusic tribe in Siberia. This is a word whose meaning has to do with esoteric knowledge and extraordinary spiritual abilities and as such a shaman is often defined as an intermediary between the human and spirit worlds. In shamanic cultures, the word "shaman" has come to mean "the one who sees in the dark" or "the one who knows." There are certain commonalities in a shaman's worldview and practice across the world that allow us to make certain broad generalizations about shamanism. In the majority of indigenous cultures, the universe is viewed as being made up of two distinct realms: a world of things seen and a world of things hidden, yet that these two worlds present themselves together as two halves of a whole. The shaman is the inspired visionary, a man or a woman who learns through practice how to enter into this "world of things hidden," and once there, he or she typically encounters extra-mundane personalities or archetypal forces that the indigenous peoples refer to as spirits, ancestors, or even gods. Reviews "Awakening to the Spirit World" takes a deep look at tapping sources of invisible power in daily life. So much of what Sandra Ingerman and Hank Wesselman write about is lost to modern medicine: listening to the weather and the elements, understanding death, and more. This is a courageous book that will appeal to all who long to explore the unseen world." —Judith Orloff, MD, author of Emotional Freedom "In an era when chaos, confusion, and uncertainty take center stage, the ancestors, focused on balancing the energies of life, call forth calm, clarity, and pragmatic direction for accessing the medicine needed to heal the individual and collective psyche. In this moment in time, we are invited into "Awakening the Spirit World," where we are reassured that we are not alone. We are in good company, indeed." —Malidoma Patrice Some, PhD, author of "Of Water and the Spirit, The Healing Wisdom of Africa," and "Ritual: Power, Healing, and Community."

Love is awakening our spiritual consciousness. This is the way to enhance human consciousness easily. There are no secrets. Nothing is withheld by God. But it is only by our own sincere searching, the evolutionary stage we have reached, and the grace of God that we come into contact with spiritual pathways and teachers that are right for us at any particular time. This book shares spiritual principles that be the building block of both individual and collective spiritual evolution. Authentic spiritual ideas also have the universal power to heal. This nonfiction series will expand your consciousness perfectly.

In Evolutionary Enlightenment, Andrew Cohen redefines spiritual awakening for our contemporary world—a world characterized by exponential change and an ever-expanding appreciation for the processes of evolution. Cohen's message is simple, yet profound: Life is evolution, and enlightenment is about waking up to this fundamentally creative impulse as your own deepest, most authentic self. Through five tenets for living an enlightened life, Cohen will empower you to wholeheartedly participate in the process of change as your own spiritual practice. Evolutionary Enlightenment not only makes deep sense of life today; it will show you how to play an active role in shaping the world of tomorrow.

Cohen redefines spirituality for our contemporary world, characterized by exponential change and an ever-expanding appreciation for the processes of evolution.

Our times demand a reawakening; our times demand a reassessment of our spiritual compass. The words within these pages carry within them the energy and power from a higher realm. A realm of peace, happiness and Soul power. This realm is our true center - our spiritual core. We are whole in the eyes of our maker, it is us that fail to recognize the link and claim our place within the vortex of God's love. The ever-present unconditional source of all life. Sacred Stones are like bridges over troubled waters, they can aid you in your journey from unconsciousness to consciousness, from fear to courage from anger and spite into the wonderland of divine love. For those that have strayed from the path of wholeness, of love, even those that are new on their quest of their higher purpose, and those that wish to refresh their spiritual countenance, the words in this book will again shine the light on your path giving you the knowingness and certitude of your divine heritage and destiny. And at last you would have found meaning and divine purpose in your life's journey restoring the fountain of joy and bliss that was always there in the first place. It is a promise.

Explores the concept of Spirit in the postmodern age.

The premise of Awakening to the Spirit Within is that all beings are connected by a spiritual energy which forms the essence of who they truly are. Eight paths, which facilitate an awakening to this essence, are explored: Native American Spirituality, Taoism, Hinduism, Buddhism, Kabbalah, Jesus and the Christ Within, Sufism, and The New Thought Movement. Practice exercises and references are also included. This book highlights some of the unique gifts which various spiritual traditions have to offer our world. In addition, it explores the mystical threads of connection which underlie them. Like the title suggests, it also gives ways of listening to guidance from within. The author includes messages from her own "inner guidance" in an effort to illustrate how this may occur. Her openness provides more warmth and intimacy than is usually found in such a book. In these uncertain times, there has been an upsurge of interest in books related to spirituality, religion, and mysticism. People are looking for ways to heal, rather than destroy, our planet. That is why this book, and others like it, are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world.
