Dragons of Autumn Twilight was the first novel of the Dragonlance
series. It was based upon a Dungeons & Dragons session played by
the authors with some of their friends, some of whom later became
Dragonlance writers. The novel was written after the completion of
the first Dragonlance game modules. Weis and Hickman felt this
was constraining and made the novel feel too episodic, so they
reversed the process for the next books and completed the novels
before the related modules were written.
