The planet Pern has been colonized for centuries by humans. When humans first settled on this world, they did not take notice of its sister planet, which had an indigenous life form that attempted to land on Pern when it came within reach. These silver "threads" fell in a destructive wave on the temperate lands of Pern once every 200 years, destroying all life they encountered. To combat this menace, the inhabitants of Pern developed a species of dragon that could burn these threads out of the sky before they touched down. Now, centuries have passed between threadfalls, and the danger of thread is considered a myth. However, a dragon rider named F'lar knows that the riders are once again needed.

Because of her father's adamant disapproval of her unwomanly ambition to be a Harper, Menolly, young girl of Pern, braves the deadly perils of Threadfall and redirects her life, aided by nine fire dragons.

Three complete books of Pern, Dragonsong, Dragonsinger, and Dragondrums.

"She was different now, far different than the girl who had left the battlements of Domar with nothing more than a dream and emptiness where a dragon should be." Selah of Domar always felt a special connection to dragons. Since a young age, the great beasts provided her the security and solace that her family could not. Selah wrestles for something more, but she doesn't know which direction to take. When a recruiting dragonrider offers her a place of training at Dragonhold, the fortress of the dragonriders, she eagerly accepts. As the lone female apprentice at Dragonhold, Selah faces resistance

from her peers. It is during the Choosing, a ceremony where newborn dragons select their caretakers, that Selah learns her true heritage. A terrible accident interrupts the ritual, leaving Selah at the mercy of the dragon god, Stormhunter. The secret he reveals forces Selah to come to terms with what she truly is, but the truth will change her forever-and attract the attention of those who wish the end of the dragonriders.

Science fiction legend Anne McCaffrey's beloved Harper Hall trilogy, set within the bestselling Dragonriders of Pern series, is now available in a collectable boxed set. Every two hundred years or so, on the planet colony of Pern, shimmering Threads fall from space, raining death. Yet the great dragons of Pern, mounted by the stalwart dragonriders, scour the skies with fire to destroy the deadly Thread and save the planet. Here we meet Menolly as she navigates her way as the first journeywoman Harper in the history of Pern; and fellow student Piemur whom is secretly asked to leave Harper Hall, drafted by Masterharper Robinton to embark on a dangerous mission to the Southern Hold. The Harper Hall trilogy, set within science fiction legend Anne McCaffrey's beloved and bestselling Dragonriders of Pern series, is a seminal work and a must-have for any fantasy or science fiction fan.

In this triumphant return to Pern, Anne McCaffrey takes us on an adventure as surprising and unforgettable as any that has come before . . . It is a time of hope and regret, of endings and beginnings. The Red Star, that celestial curse whose eccentric orbit was responsible for Thread, has been shifted to a harmless orbit, and the current Threadfall will be the last. Technological marvels are changing the face of life on Pern. And the dragonriders, led by F'lessan, son of F'lar and Lessa and rider of bronze Golanth, and Tia, rider of green Zaranth, must forge a new place for themselves in a world that may no longer need them. But change is not easy for everyone. There are those who will stop at nothing—not even

violence—to keep Pern and its people pure. And now a brand-new danger looms from the skies . . . and threatens a catastrophe of unimaginable proportions. Once again, the world looks to the dragons and their riders to solve the crisis and save the world. But now, as the friendship of F'lessan and Tia begins to bloom into something more, unforeseen tragedy strikes: a tragedy destined to forever change the future—not just of the two young lovers, but of every human and dragon on Pern . . .

“Personable characters and superb storytelling make this an excellent choice. . . . Essential for Pern fans of all ages.”Library Journal (starred review) The son of a miner, Kindan has no expectations for any other life. He loves his lessons with the camp’s harper, but music isn’t part of a miner’s future. He also enjoys helping out with the camp’s watch-wher—a creature distantly related to dragons and uniquely suited to work in dark, cold spaces—but even that important job can’t promise a future above the ground. Then disaster strikes. In one terrible instant, Kindan loses his family and the camp loses its watch-wher. It will take a new friendship and a new responsibility to teach Kindan that even a seemingly impossible dream is never out of reach . . . and that light can be found in the deepest darkness. “A guaranteed pleaser [in] one of SF’s most splendid and longest-lived sagas.”Booklist “Another delightful entry in the Pern series.”Publishers Weekly

Volume III of The Dragonriders of Pern®, the influential series by sci-fi/fantasy titan Anne McCaffrey Never in the history of Pern has there been a dragon like Ruth. Mocked by other dragons for his small size and pure white color, Ruth is smart, brave, and loyal—qualities that he shares with his rider, the young Lord Jaxom. Unfortunately, Jaxom is also looked down upon by his fellow lords, and by other riders as well. His dreams of joining the dragonriders in defending Pern are dismissed. What else can Jaxom and Ruth do but strike out on their own, pursuing in secret all they are denied?
