Guidelines and evidence summaries provide decision support at the point of care.They are a good place to start as they are easy to navigate and search. Alternatively, search for articles and books in the Library Search.

The Knowledge Network Scotland - The Knowledge Network ...

Traditional craftsmanship is perhaps the most tangible manifestation of intangible cultural heritage. However, the 2003 Convention is mainly concerned with the skills and knowledge involved in craftsmanship rather than the craft products themselves.

Traditional craftsmanship - intangible heritage - Culture ...

Traditional knowledge, indigenous knowledge and local knowledge generally refer to knowledge systems embedded in the cultural traditions of regional, indigenous, or local communities. Traditional knowledge includes types of knowledge about traditional technologies of subsistence, midwifery, ethnobotany and ecological knowledge, traditional medicine, celestial navigation, craft skills, ethnoastronomy, climate, and others. These kinds of knowledge, crucial for subsistence and survival, are general

Traditional knowledge - Wikipedia

Neither the school-and-classroom culture nor the university culture readily acknowledges and celebrates the value of a teacher's craft knowledge. The university's difficulties in recognizing craft knowledge are apparent in its emphasis on the importance of research and publication, with little more than lip service to the development of excellent teaching skills.

The HCA's Red List classifies arrow-making as an "endangered" craft, rather than "critically endangered". There are thought to be at least five full-time arrowsmiths, with half-a-dozen or more ...

The traditional crafts in danger of dying out - BBC News

Traditional Knowledge Traditional knowledge (TK) is knowledge, know-how, skills and practices that are developed, sustained and passed on from generation to generation within a community, often forming part of its cultural or spiritual identity. While there is not yet an accepted definition of TK at the international level, it can be said that:
