Lunar Park is a free Lightroom preset that is ideal for images that contain reds and a broad range of warm tones. It gives a brownish nostalgic look that is reminiscent of carnivals, fairs, and amusement rides, especially of the 80s. It also gives a cinematic look that can be used as a thematic filter for a published collection of photos.

LUNAR PARK, despite its classification as literature, absolutely earns itself a place among the top works of horror. Interestingly, this is Ellis's least graphic and gruesome work. The highly symbolic gore and explicit sex that fills his other novels is sparse here.

~~Lunar Park book by Bret Easton Ellis~~

It is his demons who destroy his home, break up his family and scuttle his best chance at happiness and sobriety. As a novel by anyone else, Lunar Park would be hokum, but in context, it is a fascinating look at a once controversial celebrity as a middle-aged man.
