Tactical Medic Jena Martin has put her career as a combat medic behind her and thrown herself into working with the Ransom, Tx SWAT. But that comes with its own set of challenges. Namely, her brooding Team Leader, Alex Myers, the one man who shows zero interest in her, which is a shame. She could do with a pleasant distraction. Jena is certain someone has been in her home, moving her things and eating her food. SWAT Officer Alex Myers knows when one of his team is operating under duress, and he's always been hyper-aware of Jena. It's clear to him she hasn't been herself lately. After a successful operation, he corners her when she doesn't want to go home. The battle-hardened medic breaks down in his arms and confesses she fears for her safety. Someone is stalking her, and she has evidence of possessions going missing. Alex offers Jena his guest room for the night. She's always been a bright light on his team and in his life. When she seeks comfort in his arms, all the barriers he's erected in the name of professionalism crumble. As their forbidden relationship blossoms, Alex uncovers Jena's secret. She might not have a stalker at all. It might be PTSD from a horrific accident she suffered overseas. Before Alex can get to the bottom of things, he's slapped with an order to stop seeing her—or lose his job. It's a decision that should be clear, except Alex can't give her up. Rabbi Shalomim Halahawi, under the ancient prophetic Hebrew spirit, gives what might be the most comprehensive History, Theology, Anthropology and Spiritual-Prophetic teachings concerning the origins, evolutions and doctrines of Ancient Israelite culture and faith. Everything you thought you knew about the Plan of Yahwah or Israelite beliefs and practices, could very well be systematically unlearned if you pick up this book and read it. From the beginning of Eden and the development of the Eternal Covenants passed down from generation to generation, to the establishment of the Sacred Holy Days , to the lineage of Messiahs and the True New Covenant that your church and synagogue never told you about, to the missing link of the origins of the Ethnic Israelite peoples and their cultural practices, your eyes will stay wide open in amazement and intrigue as you take a touristic ride into what will feel like a whole new ancient world you never knew existed.

Monk Eastman was born in 1873 to a respectable New York family. By the age of eighteen he was running the streets of Lower Manhattan, first starting as a bouncer, and later as a gang leader who led an army of two thousand. He had both politicians and cops in his pocket and seemed untouchable. That all changed when he was sentenced to ten years at Sing Sing prison after several battles with Pinkerton detectives. He ended up losing all his territory and by the time he got out, realized that the streets were no longer safe enough for him to be around. With that, he immediately joined the New York National Guard, going from a street kingpin to a lowly private. Taking what he learned from the streets, Monk quickly proved himself, as his division was put on the front lines during the trench warfare of World War I. He came back to New York a hero and was given a governor ' s pardon. He was back on top; but the real question was, would he be able to leave his past behind? This incredible story, told by Neil Hanson, relives for the reader the history of Monk Eastman, New York, and a pivotal point in our country ' s history.

An intimate biography as well as an epic history, Monk Eastman vividly recounts the life and times of old New York ' s most infamous gangster-cum-soldier as he made his way from the sooty streets and dingy saloons of the Lower East Side to the battlefields of the Western Front. Born in 1873 to a respectable New York family, Monk was running wild in Manhattan ' s rough Lower East Side by the age of eighteen. He found work as a bouncer—when the saloon owner first turned him down because he had two bouncers already, Monk beat them both up and was promptly hired in their place. He soon developed a loyal following of immigrant toughs, and by 1900, he was the most feared gang leader in lower Manhattan, protected by corrupt politicians and crooked cops, and commanding an army of two thousand pickpockets, thieves, prostitutes, and thugs. But changing neighborhood demographics and shifting political fortunes colluded against Monk: after a pitched battle with Pinkerton detectives, he was sent to Sing Sing on a ten-year sentence, and his territory quickly slipped from his grasp. In 1917, no longer safe from the law—or from rival gangs—Monk joined the New York National Guard. As a gangster, he ' d been the equivalent of a general; as an enlisted man, Monk was just another private. After several months of combat training, Monk ' s division of Brooklyn recruits was thrown headlong into the bitter trench warfare in Europe. His experience in gangland combat served him well: he was repeatedly cited by his superiors for his bravery and he received a hero ' s welcome back in New York and an official pardon from the governor. But Monk ' s

gangland past was not so easily erased and caught up with him in the end. In Neil Hanson's able hands, Monk's unique and compelling story becomes an emblem of a time of upheaval—for New York and for the nation. From the Hardcover edition.

Twenty-four hours after arriving in Dublin, Muhammad Ali rang his publicist Harold Conrad. "Hey, Hal?" said Ali, "where are all the niggers in this country?" "Ali," replied Conrad, "there aren't any." On July 19, 1972, it took Muhammad Ali 11 rounds to defeat Al 'Blue' Lewis at Croke Park, Dublin. A mere footnote in the larger Ali story, this fight against a game ex-convict from Detroit marked the culmination of an extraordinary week in Ireland's sporting and cultural history. From the moment the world's most charismatic athlete touched down at Dublin Airport and announced his maternal great-grandfather Abe Grady had emigrated from County Clare more than a century before, the country was in his thrall and, of course, being Ali - he loved it. It was to be a most extraordinary week for both him and the people he met. Ali was both charming and charmed by those who came to pay homage - among them, the then Taoiseach, Jack Lynch, civil rights campaigner Bernadette Devlin, oscar-winning director John Huston, actor Peter O'Toole and an old lady who invited him into her house for a cup of tea. Through interviews with dozens of those whose paths Ali crossed and many centrally involved in the planning and promotion of the event, Dave Hannigan has knitted together an enthralling narrative about one incredible boxer and the remarkable impact of his visit on the country of his ancestors.

If you're like most Americans, you'll find yourself slowing down on the highway near the scene of an accident, hoping to catch a glimpse of the mayhem. You probably also secretly enjoy the fistfights that break out at hockey games or hearing about the lurid details revealed during sensational murder trials. And it's no secret that horror fiction, macabre slasher movies, and brutal video games are solid moneymakers. How do we explain the lurid fascination that most people experience when confronted by real or simulated acts of violence, murder, horror, and crime? This is the subject examined by veteran psychologist Jeffrey A. Kottler in this candid assessment of our dark vicarious thrills. Based on a series of interviews with perpetrators, victims, and consumers of violence, including several celebrities, the author of a best-selling book on serial killers explores what there is about this subject that draws such a wide audience. Unlike many other books that attempt to probe the murky psyches of deviant individuals, this book focuses on normal, average people who, despite themselves, enjoy getting close to the most forbidden, perverse side of destruction and evil. The persons interviewed range from homicide detectives and emergency room personnel to a heavyweight boxer and groupies of serial killers on death row. Kottler considers ideas from a variety of theories and research to explain our responses to violence, raises questions about the shifting line between normal and abnormal, evaluates the confusion and ambivalence that many people feel when witnessing others' suffering, and suggests future trends in society's attitudes toward violence. Jeffrey A. Kottler, PhD, is a practicing psychologist, professor of counseling at California State University, Fullerton, and the author of more than seventy-five books, including the New York Times best seller *The Last Victim: A True-Life Journey into the Mind of the Serial Killer*. He is also head of Empower Nepali Girls, which provides educational scholarships for at-risk, lower-caste girls.
