Sade Fourier Loyola
Sade parts are interesting, Fourier and esp. Loyola not so much (some credit for this goes to mister De Sade himself, of course), flag Like - see review Jan 14, 2009 Wendy smith rated it really liked it

Sade/ Fourier/ Loyola by Roland Barthes - Goodreads
The object of this book, for Barthes is not to hover over the propositions of content ordinary credited to these three men --ie, a philosophy of evil ,a utopian socialism, a mystique of obedience--but rather to consider Sade, Fourier , and Loyola as formulators, inventors of writing, wielders of a text: operator, as Barthes calls them.

Sade Fourier Loyola - builder2.hpd-collaborative.org
In *Sade/ Fourier/ Loyola*, eminent literary theorist Roland Barthes offers a fascinating treatise on the nature of philosophical creation. Barthes examines the parallel impulses of Loyola, the Jesuit saint, Sade, the renowned and sometimes pornographic libertine philosopher, and Fourier, the utopian theorist. All three, he makes clear, have been founders of languages--Loyola, the language of divine address; Sade, the language of erotic freedom; and Fourier, the language of social perfection and ...

Sade Fourier Loyola explores the works of three major innovators of language: the French philosopher, pornographer and atheist Donatien Alphonse Fran ç ois, Marquis de Sade (2 June 1740 – 2 December 1814); the French utopian socialist Fran ç ois Marie Charles Fourier (7 April 1772 – 10 October 1837); and Basque Spanish theologian and founder of the Society of Jesus (the Jesuits) Ignacio L ó pez de Loyola (Saint Ignatius of Loyola) (1491 – July 31, 1556).

Sade, Fourier, Loyola (Book, 1976) [WorldCat.org]
The best, most readable book I have read by Barthes, and the best work I have read on Sade. Full of humor and insight with lots of savory biographical tidbits. The startlingly "natural" juxtaposition of Loyola, Fourier and Sade is cool and casual, not at all forced, and all the more remarkable for that.

Amazon.com: Customer reviews: Sade/ Fourier/ Loyola
Sade, the evil writer, Fourier, the great utopian, and Loyola, the saint are "logothetes," founders of languages. Barthes ' s notion of "text" is meant here, and not language as linguistics or a means of communication.

Barthes examines the parallel impulses of Loyola, the Jesuit saint, Sade, the renowned and sometimes pornographic libertine philosopher, and Fourier, the utopian theorist.

Literatuurtheoretische en sociologische essays over Donatien Alphonse Fran ç ois de Sade (1740-1814), Fran ç ois Marie Charles Fourier (1772-1837) en Ignatius van Loyola (1491-1556).

Sade, Fourier e Ignacio de Loyola fueron clasificadores y fundadores de lenguas: la lengua del placer erotico, la lengua del bienestar social y la lengua de la interpelacion divina, respectivamente. Pero inventar signos es entrar en el terreno del significante: es practicar la escritura. Lo que Barthes propone no es una revision de las propuestas de contenido adjudicadas a estos tres autores --la filosofia del Mal, el socialismo utopico y la mística de la obediencia--, sino considerarlos como inventores de escritura y operadores del texto.

He might be best known for sex and violence, but Lode Lauwaert shows that the Marquis du Sade sits at a crossroads of surprisingly disparate branches of western culture: abstract art, Tom and Jerry, gnosticism, Kant's moral philosophy, romanticism, scholasticism, stoicism and more. To explore these links, Lauwaert reads six interpretations of Sade in French postwar philosophy - looking specifically at Pierre Klossowski, Maurice Blanchot, Georges Bataille, Jacques Lacan, Roland Barthes and Gilles Deleuze. Lauwaert shows how these interpretations of de Sade can be read as a lively introduction to a postmodern way of thinking that is often considered inaccessible, but which dominated the French intellectual zone after the Second World War.

The Other Rise of the Novel relies on new research concerning the relevance of bourgeois values and ideals in the early modern period in France to question the extent to which characters in works of fiction portray the rise of individualistic and self-interested behavior.

This work traces the debate of biographical criticism.

Concerning itself with biography and bio-fiction written in English and in French and also taking in American and Australian subjects, *Outsider Biographies* focuses on writers who have a criminal record and on notorious criminals who authors of bio-fiction consider as writers. It pursues an understanding of the formal effects of life-writers ' struggles between championing their subjects and a deep ambivalence towards their subjects ' crimes. The book analyses the challenge that these literary outsiders present to the mainstream French- and English-language traditions where many biographers assign merit to productive lives well lived. The book ' s approach illuminates both differences in those traditions from the mid-eighteenth, to the twenty-first century and a convergence between them, evident in the experimental-cum-fictional devices in recent English-language biography. *Outsider Biographies* advances wide-ranging new interpretations of the biographical writing on each of its seven subjects, but does so in a way that invites the reader picking up the book out of a passion for just one of those subjects, to follow the thread onto another and yet another.
