Announce yourself by placing your hand at least 5 inches from your guinea pig ' s eyes so that she can see you. Guinea pigs do not see directly in front of their noses, so being at least 5 inches away cuts down on the element of surprise and generates a true bond of trust between the two of you.

Increasing The Bond Between Guinea Pigs And Owners

Guinea pigs are one of the few animals (humans are another) that cannot manufacture their own vitamin C, so they need to get it from their diet. Choosing a good quality diet and providing a variety of fresh foods and roughage is important, but most owners choose to also give their animals a vitamin C supplement.

What to Know Before Getting a Pet Guinea Pig

First-time guinea pig owners should understand that bedding suitable for other small pets, such as hamsters, mice or gerbils, may not be ideal for cavies. Oily wood shavings, for example, can be...

The best guinea pig cage—Chicago Tribune

A guinea pig will very rarely intentionally bite its owner. Young guinea pigs that don ' t yet know any better may nibble or nip at anything that crosses their path. An adult cavy that is used to being held might nip at an owner ' s clothes in an attempt to broadcast its desire to be put back in the cage.

16 Guinea Pig Behaviors Explained—Guinea Pig Chews

An owner should make sure that they arrange a cage where their guinea pig can stretch from the nose to toes, at least. Your guinea pig should be able to take play and exercise around the cage as well. Also, the owner should make sure that their guinea pig should be able to stand on their rear leg comfortably.
